study club hosting services

**the interdisciplinary and collaboration study club hosting software
facilitating study club administration so you can do what you do best**

teamlinks goes beyond digital storage to facilitate doctor-to-doctor collaboration for real-time, streamlined, common-format case management.

Optimal platform for secure delivery, storage & sharing of your club's:

- Case studies
- Quizzes
- Literature Reviews
- Practice Pearls
- and more

Each hosting service package includes the following components:

- Web site- customizable home page, data storage and secure access for members
- Bulletin Board- members can post items for sale, list upcoming events, provide information, etc.
- Club Agendas – quick link for members to review upcoming meeting agendas, news and events
- Continuing Education Log – tracks CEUs earned through club events; maintained by your club administrator
- Club Forms – quick access to guidelines and standard documents used for monthly meetings/presentations, etc.

Get your study club teamlinked today!
